Say it brighter
With
BioStripe®

ECO-FRIENDLY TRAFFIC PAINT DESIGNED FOR ASPHALT ART

Durable enough to stand up to traffic, flexible enough for outdoor artwork projects

biostripe.com

BioStripe® is perfect for any organization or municipality looking to expand the reach of its sustainability initiatives with a high-performance product. Today, you can find BioStripe® on parking lots, roads, bike paths, asphalt art, street art, universities, military installations, hospitals, and other environmentally conscious institutions across the country.

BioStripe®

ECO-FRIENDLY TRAFFIC PAINT DESIGNED FOR ASPHALT ART

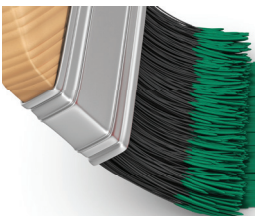

When adding value to your community through beautification, BioStripe® is the paint for the job. It dries quick, can be mixed in custom colors and stands up to traffic. It is designed specifically for asphalt but can be used on sidewalks and walls too.

BioStripe® comes in 7 standard colors. Custom colors can be mixed on site.

- ✓ EASY TO APPLY
- ✓ ROLLED, BRUSHED OR SPRAYED
- ✓ CUSTOM COLOR MATCH TO ANY COLOR OF YOUR CHOICE
- ✓ 1 GALLON INCREMENTS
- ✓ ENVIRONMENTALLY FRIENDLY
